### More or Less Panels

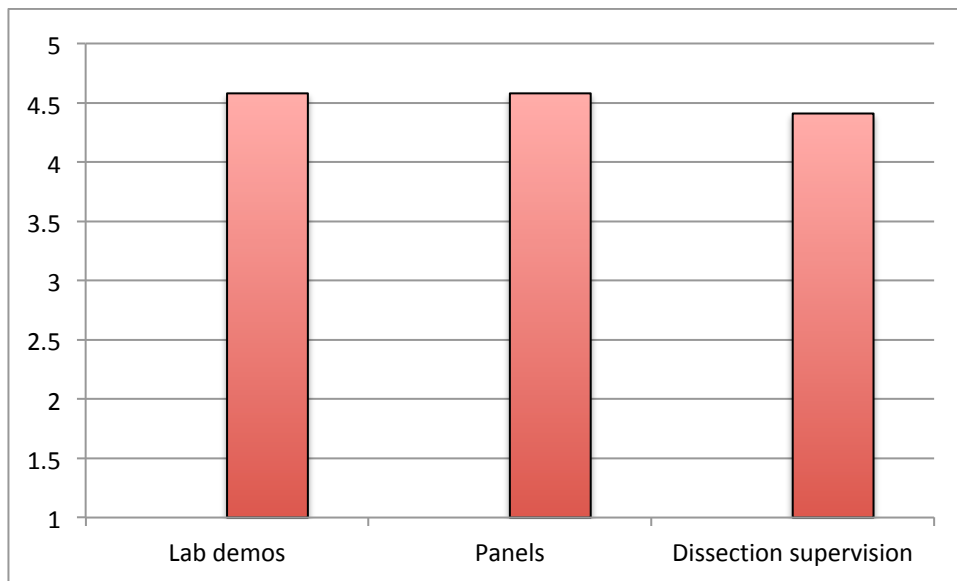

### Course Logistics

Scored from 1 (Poor) – 5 (Excellent)

## How Useful Were The Teaching Methods

## Strengths

Amazing faculty - excellent skillful trainers

Good quality specimens x4

Excellent panel and discussions x2

A lot of time for dissection x3

Excellent faculty x3

Accessible faculty. Well designed course. Excellent pace. Excellent refreshments.

Relaxed environment

Excellent programme

Excellent equipment

Excellent facility

## Weaknesses

Nothing x3

Videos were not high definition

No course manual

Poor sound system

## Further comments

More panels all were excellent

Thank you so much

Great course. I'll recommend it

Middle fossa approach was nice but should be optional at the end

Perfect course. Learned a lot

Many thanks to all the faculty for giving up their valuable time
