**COMBINED BRITISH UNIVERSITIES COURSE
IN ADVANCED SURGICAL OTOLOGY**

**Manchester
8th to 11th April 2019**

DAY 1

MONDAY 8th April 2019

Surgical Skills Laboratory, University of Manchester

08.00 Registration and coffee

08.30 Welcome

Richard Irving / Simon Lloyd

08.45 Panel - Tympanoplasty / Ossiculoplasty / Stapedotomy

Prof Saeed/ Musheer Hussain

10.15 Coffee

10.45 Panel - Cholesteatoma / Ear Surgery Complications

Rory McConn-Walsh / Simon Lloyd

12.15 Lunch

13.30 Dissection Session (bone 1)
Soft tissue approaches, meatoplasty, canalplasty
Tragal and cymbal cartilage graft harvesting

15.00 Coffee

15.30 DVD presentation of later afternoon dissection session

16.00 Dissection Session (bone 1)
Cortical mastoidectomy
Epitympanotomy, Posterior Tympanotomy

18.00 Close

DAY 2

TUESDAY 9th APRIL 2019

08.00 Coffee

08.15 Panel - Auditory implantation

Joe Toner/Chris Coulson

09.30 Cochlear Implant Workshop (bone 1)
Cochleostomy
Cochlear Implantation

10:45 Coffee

11:00 Bone Conduction Hearing Implant Workshop
Bonebridge (bone 2)
Middle Ear Implant (bone 1)
BAHA (bone 1)

12:30 Demonstration
Endoscopic ear surgery

Chris Coulson

13.00 Lunch

14.00 DVD presentation early afternoon dissection

14.30 Dissection Session (bone 1)
Skeletonization of facial nerve
Decompression of sigmoid sinus
Endolymphatic sac decompression

15.30 Coffee

16.00 DVD presentation of late afternoon dissection

16.30 Dissection (bone 1)
Skeletonization of labyrinth
PSCC occlusion
SSCC occlusion
Osseous labyrinthectomy
Translabyrinthine exposure of internal auditory canal

18.00 Close

DAY 3

WEDESDAY 10th APRIL 2019

08.00 Coffee

08.30 DVD presentation of early morning dissection
(Superior Approach) Dissection (bone 2)

Mini Craniotomy
Exposure of geniculate ganglion, SSCC & IAC
Decompression of facial nerve
Fenestrate labyrinth / fix stapes

11.00 Coffee

11.30 DVD presentation of late morning dissection

12.00 Dissection (bone 1)
Ossiculoplasty workshop
Incus transposition
PORP/TORP

13.00 Lunch

14.00 DVD presentation of afternoon dissection

15.30 Dissection (bone 2)
Stapedotomy
Atticotomy & reconstruction of scutum
Attico-antroostomy
Modified radical mastoidectomy

16.00 Coffee

16.30 Dissection continued (bone 2)

18.00 Close

DAY 4

THURSDAY 11th APRIL 2019

08.00 Coffee

08.30 DVD presentation of morning dissection

09.00 Dissection – options (bones 1 & 2)
Translabyrinthine exposure of IAC
Skeletonization of intra-labyrinthine facial nerve
Transposition of facial nerve
Posterior Exposure of IAC
Infracochlear approach
Infratemporal fossa approach (type A)
Middle fossa approach

10.30 Coffee

11.00 Dissection (continued)

13.00 Lunch

14.00 Panel - Lateral Skull Base

Simon Lloyd

15.30 Coffee

16.00 Panel - Vertigo

Jonny Harcourt

17.30 Closing remarks

Simon Lloyd
